TRANSGENDER EQUALITY - POLICY**

**Policy for use of Toilet, Shower & Changing Areas**

**S.E.G.C.** has implemented a Policy regarding the use of facilities such as toilets & shower/changing areas for Transgender patrons.

Because our gender designated Changing/Shower facilities that are used by children whose ages range between 0 to 17, it is not viable for the person who is in transition to use the same areas as the underage child.

**S.E.G.C.** already have a B.G. policy in place controlling the use of the shower/changing areas so that Adults & children do not occupy these facilities at the same time.

If the person in transition is not happy using the designated gender facility **S.E.G.C.** has an accessible toilet, shower/changing area which can be used as a unisex facility.
